CURTIS ADAMS: MAGIC THAT ROCKS!

It was clear from the very beginning why the Curtis Adams show is named **"Adrenaline - Magic that Rocks!"** This energetic young man (just turned 23) is not only an extremely accomplished magician, but an incredible dancer and basically a very funny guy! We were told that his show is "MTV meets Magic", and we can't find a better way to describe it. Curtis has two beautiful and talented dancers accompanying him with his "Power Rock" music playing throughout.

This is definitely not your average magic show!

Curtis has had an entrepreneur mentality since age 13, when he started his own production company. He hopes to "change the face of magic, a big goal", he says, he wants to "make magic cool," we feel, he's definitely on the right track!

There were many outstanding and imaginative skits in his act including a take-off of the Aussie Alligator guy using the audience as wild creatures, smashing a Ferrari with a sledgehammer, plus a bit where he takes a woman on stage with him, they stand on a platform when behind them an illusion of a bed with pillows and a silk sheet no less appears, we won't tell you more, but it is a VERY clever bit.

We are pleased to let you know that Curtis has just signed a six month gig at the Plaza Hotel, and if you like magic acts, he's a must to see, and if you don't like magic acts, between the great music, the incredible dancing and the clever comedy through-out the show, is worth the price of admission, which is a bargain at twice the price.

**Tickets are only \$25, an incredible show
at a very small price.**

**All and all, this is a wonderful show to share
with the entire family.**

**Don't miss this unique and
electrifying show!**
